Method. First sift the flour, baking powder and salt into a large bowl, then add the ground and whole almonds and sugar. Give it a good mix, then add the egg and the almond extract, and mix it together first with a wooden spon and then using your hands to bring the mixture together to form a smooth dough.

*Easy biscuit recipes - BBC Good Food*

Although commonly used to indicate the biscuits of Prato, biscotti di Prato, in modern Italy and Argentina they are also known widely by the name "cantuccini".These names actually suggest other similar regional products of Italy. The term cantuccini is most commonly used today in Tuscany, but originally refers to variations or imitations which deviate from the traditional recipe in a few key ...

*Biscotti - Wikipedia*

Biscuits vs Cookies . The difference between biscuit and cookie basically depends on the usage of the terms and your location. This means the difference between biscuit and cookie can only be dealt with if we know from where we are speaking: UK or US.Biscuits and Cookies are two eatables that are often confused due to some of the similar qualities in them.
