the lives of those children, who found themselves uprooted by the dramatic events of 1066. Among them were the children of Harold Godwinson and his brothers, survivors of a family shattered by violence who were led by their courageous grandmother Gytha to start again elsewhere. Then there were the last remaining heirs of the Anglo-Saxon royal line – Edgar Ætheling, Margaret, and Christina – who sought refuge in Scotland, where Margaret became a beloved queen and saint. Other survivors, such as Waltheof of Northumbria and Fenland hero Hereward, became legendary for rebelling against the Norman conquerors. And then there were some, like Eadmer of Canterbury, who chose to influence history by recording their own memories of the pre-conquest world. From sagas and saints' lives to chronicles and romances, Parker draws on a wide range of medieval sources to tell the stories of these young men and women and highlight the role they played in developing a new Anglo-Norman society. These tales – some reinterpreted and retold over the centuries, others carelessly forgotten over time – are ones of endurance, adaptation and vulnerability, and they all reveal a generation of young people who bravely navigated a changing world and shaped the country England was to become.

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. " From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees. " And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.
