Cool Stuff 2.0 turned out to be an amazing gift for a very intelligent 11-year-old who happens to be a reluctant reader. The excitement in his voice when he called to thank me for the book was a pleasant surprise, and he proceeded to describe some of the selections.

Cool Stuff 2.0: And How it Works: Jon Woodcock, Chris ...

Author. John Woodcock has a degree in physics from Oxford University, but the success of his Cool Stuff books probably owes as much to his communication skills as his high-level scientific expertise. In this singular follow-up to the original, he explains machines, gadgets, and other technologies to inquiring young minds.

Cool Stuff 2.0 and How It Works by Chris Woodford

In an emergency, of course, things can get a lot more hectic. All airline pilots have extensive training in dealing with the unexpected and keeping a cool head in precarious situations. Fortunately, it is only on rare occasions that pilots have to put this training to work, but they must be ready to leap into action at all times.
