The flexible and modular format, and student focused features of International Business allows instructors to make the study of IB personally relevant for every student, and empowers them to develop their global mindset. Make the study of international business personal

For a first course in international business at the undergraduate or M.B.A. Level. Section 1 discusses the nature of international business and the three environments in which an international businessperson works. Section II examines the important international organizations, the international monetary system and their input in business. Section III discusses the uncontrollable forces that make up the foreign environments and illustrates their effects on business practices. The final section deals with the functions of management and shows how managers deal with the uncontrollable forces. Trends and new directives of international companies are also treated.

International Business: The Challenge of Global Competition, 10th Edition, by Ball, McCulloch, Frantz, Geringer, and Minor continues to be the most objective and thorough treatment of International Business available for students.
