A quick color search for modern Japanese graphic design will lead you to a full spectrum of palettes. But the most common combinations include the colors red, gold, and black. The three colors are simple yet elegant, minimal yet sophisticated - the classic Japanese style. The use of these colors is grounded intensely in Japanese culture.

60 Examples of Japanese Graphic Design - Inspirationfeed

Just as the Japanese flag hints, circles are another recurring element in Japanese graphic design. Inherent symbols of balance and harmony, circles are widely used motifs in Japanese design. A common motif used throughout Japanese culture is the Mon. The Mon can be described as "the Japanese counterpart to the European coat of arms".

Japanese Modern Graphic Design Between The Wars

Modern graphic design is extremely diverse, and takes many different forms. To reflect this, we've segmented our list into five unique categories: posters, business cards, logos, book covers and CD covers. In each category there are a wide variety of styles, so you'll get lots of ideas for any type of design that you want to create.

Product Information. Heavily influenced by Western styles and fashions of the 20's and '30s Japanese graphic designers drew inspiration from Europe's master artists and typographers, enthusiastically importing and assimilating elements of Bauhaus, Constructivism, and Futurism. With striking illustrations of posters, brochures, and match-box labels and more, this singular volume offers a scintillating look at modern Japanese graphic design.
