Math Brain Teasers - Maths Puzzles with Solutions ...

Your math square can be as small as 3 x 3 or as large as 10 x 10. The dimensions must equal. Enter a number below. Size . Choose a calculation method for the formulas Natural Operator Precedence. Choose this option if you want the formulas in the math square to respect natural operator precedence, meaning multiplication and division are performed before addition and subtraction.

Puzzlemaker - Math Square - DiscoverySchool.com

Math puzzles like this aren't about literally interpreting mathematical symbols. They are about identifying a pattern in the set of equations and applying it to the unknown. So, add the first number to the product of the two numbers to get the answer. a + b means a + ab. This works for the known equations. 1 + 4 means 1 + 1(4) = 5
