The third important perspective is the symbolic interactionism perspective. This is one of the most important perspectives of sociology. According to this perspective, the people are ones who exist, take action, and behave. George Herbert Mead is believed to be the foremost person behind this perspective. Here's a video to help you out in getting the concrete symbolic interactionism definition:

History. Sociological social psychology is understood to have emerged in 1902 with a landmark study by sociologist Charles Cooley, entitled *Human Nature and the Social Order*, in which he introduces the concept of the looking-glass self. Sociologist Edward Alsworth Ross would subsequently publish the first sociological textbook in social psychology, known as *Social Psychology*, in 1908.
