Training Interventions Promoting Organisational Learning

Synopsis. Updated for the sixth edition, this text provides a critical overview of the national training framework and discusses the practical aspects of assessing needs, planning, implementing and evaluating training. All these themes include exercises, cases and suggestions for further reading. Topics covered include: the significant emphasis on learning rather than training in today's world; the importance of role management; an analysis of the whole management debate; the growing ...

culture may be a fundamental change for an organization, requiring a combination of strategies to encourage and enhance data use across all staff levels.

Strategies for Cultivating an Organizational Learning Culture

In order to inspire a learning culture, the organisations we spoke with recommended promoting learning from failure as well as success, advocating for employee freedom to challenge the status quo with new ideas, supporting and publicising innovation that springs from learning, and if possible, giving learners encouragement and a platform to collaborate with each other after training events have taken place.
